

REMARKS/ARGUMENTS

The Applicant acknowledges, with thanks, the office action dated May 23, 2008 and the personal interview completed on July 9, 2008. The Examiner's suggestions are much appreciated and have been incorporated into the subject response. Examiner's withdrawal of the finality of the previous office action and prior rejection of claims 1-10 and 21-26 under 35 U.S.C. §112, second paragraph, is noted with appreciation. Claims 1-26 are currently pending.

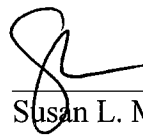

Claims 1-26 were rejected under 35 U.S.C. §112, first paragraph, as failing to comply with the written description requirement. Amendment has been made, commensurate with the discussions during the interview, to claims 1, 11 and 21 to clarify that data credentials are used to establish secure data communication between the server and remote data processing device. The Examiner has indicated that this change would be adequate to overcome the remaining rejections.

As such, this rejection should be overcome, and no art rejection is present. An early allowance of all claims is respectfully requested.

If there are any fees necessitated by the foregoing communication, the Commissioner is hereby authorized to charge such fees to our Deposit Account No. 50-0902, referencing our Docket No. 66329/31278.
